

Audi S4 Avant , 2023

Audi S4 Avant 3.0 4WD 2023

Safety Equipment: The vehicle is equipped with a parking assistance system with front and rear sensors, airbags for the driver and passengers, an Electronic Stability Control (ESC) system for improved handling, and an anti-theft system with an alarm and immobilizer.

Comfort Equipment: The cabin features a head-up display (HUD) that projects essential information onto the windshield. All seats are heated, and the climate control system offers three-zone adjustment. The premium Bang & Olufsen audio system provides high-quality sound, while the keyless entry system allows for convenient vehicle access and engine start.

Interior: The sporty leather seats provide excellent lateral support and comfort. The Audi Virtual Cockpit digital instrument cluster offers a customizable display with a range of functions. The panoramic sunroof enhances the sense of space and brightness inside the cabin.

Exterior: The body is painted in "Glacier White Metallic," giving the car an elegant and modern appearance. The 21-inch multi-spoke alloy wheels enhance its sporty character, while the LED headlights provide superior road illumination.
