

Ferrari 296 GTB , 2022

Ferrari 296 GTB

Safety Equipment: This Ferrari 296 GTB is equipped with **driver and front passenger airbags, side airbags on the headliner, and a 4-point safety harness (added extra)** for enhanced safety. It features **ABS Evo and Electronic Brakeforce Distribution (EBD) with energy recovery**, along with **ASR (Anti-Slip Regulation) and eSSC (Electronic Side Slip Control)** for optimal traction and stability. The **anti-theft system (SVR) with card** adds an extra layer of security, while **keyless entry and start** provide seamless access.

Comfort Equipment: The **dual-zone air conditioning system** ensures a comfortable cabin temperature, while the **electrochromic rearview mirror** minimizes glare. **Carbon fiber racing seats (added extra)** provide excellent support, and the **floor mats with an embroidered logo (added extra)** add a refined touch.

Interior: This Ferrari features an interior enhanced by **carbon fiber dashboard inserts, carbon fiber door panels, and a carbon fiber steering wheel with LEDs (all added extras)** for a track-focused and premium look. **Colored safety belts (added extra)** contribute to a customized interior. The **engine start touchscreen button on the steering wheel** further emphasizes the car's racing DNA.

Exterior: The **grey exterior color** is complemented by **the Exterior Special Carbon Pack, carbon fiber front spoiler, and Hyper Club Livery (all added extras)**. **20-inch forged painted rims (added extra)** provide a striking look, while **yellow brake calipers (added extra)** add a bold contrast. **Livery on the front bumper and sides (added extras)** give the car a unique, custom appearance.

Performance: This Ferrari 296 GTB is equipped with **a carbon-ceramic brake system (CCM)** for high-performance stopping power. The **Fiorano Performance Pack Extended (added extra)** further enhances its track capabilities, along with the **Magnaride Suspension System (SCME-Frs)** for precision handling. The **front suspension lifter (added extra)** makes it easier to navigate speed bumps and steep driveways. The **Manettino drive mode selector (Race Manettino) on the steering wheel** allows drivers to adjust performance settings on the fly. **Power steering** ensures precise control at all speeds.

Technology and Multimedia: This model features **Apple CarPlay**, a multimedia system with **Bluetooth audio streaming and digital radio (DAB)**, and a **wireless smartphone charger** for seamless connectivity.

Driver Assistance Systems: The car is equipped with **front and rear parking sensors**, a **rear parking camera**, and a **tire pressure and temperature monitoring system (TPTMS)** to enhance convenience and safety.

Lighting: **Full Matrix-LED headlights with LED turn indicators and sidelights**, along with **automatic high beam functionality**, provide excellent visibility in all conditions.
