

Ferrari Roma , 2024

Ferrari Roma F1 DCT - 06/2024

General Overview:

The 2024 Ferrari Roma is a grand touring coupe that perfectly embodies Ferrari's modern take on timeless Italian elegance, performance, and minimalist luxury. This particular Roma, finished in the refined **Grigio Alloy** exterior color with a **Nero (black)** interior, presents a clean yet bold design inspired by the golden age of grand tourers. As a **new car**, it also benefits from a **warranty transfer**, ensuring peace of mind for the next owner.

Performance and Driving Dynamics:

At its heart, the Roma houses a **3.9-liter** twin-turbocharged V8 engine producing **620 horsepower** and 760 Nm of torque. Power is delivered to the rear wheels via a cutting-edge 8-speed F1 dual-clutch transmission (DCT), offering lightning-fast shifts and smooth cruising when desired. The Roma accelerates from 0 to 100 km/h in just 3.4 seconds, delivering both exhilarating performance and refined handling, supported by Ferrari's advanced electronic vehicle dynamics controls including Side Slip Control and F1-Trac systems.

Interior and Features:

Inside the Roma, the cabin is a fusion of luxury and driver-focused technology. The **Nero leather interior** is complemented by elegant stitching and metal accents, creating a sporty yet upscale atmosphere. The dual-cockpit layout separates driver and passenger spaces, and the digital instrument cluster, vertical touchscreen infotainment system, and haptic climate controls enhance the high-tech feel. Wireless Apple CarPlay and Android Auto come standard, alongside advanced navigation and voice command functionality.

Exterior Design:

With its long, flowing proportions, flush door handles, and full-LED adaptive headlights, the Ferrari Roma captures attention without excessive aggression. The **Grigio Alloy** finish adds a sophisticated metallic sheen that enhances the sculpted bodywork. Active aerodynamics, including a deployable rear spoiler, help balance elegance with performance at speed.

Safety and Assistance Systems:

The Roma comes with a suite of driver aids, including adaptive cruise control, front and rear parking sensors, a reversing camera, and lane departure warning. These

systems support everyday usability and safety while preserving the purity of the driving experience expected from a Ferrari.
