

Ferrari Purosangue , 2023

Ferrari Purosangue 2023

Safety Equipment: The Ferrari Purosangue is equipped with **an integrated anti-theft alarm system with a transponder key, stolen vehicle recovery system, and remote control for opening doors and the tailgate.** The **PCV 3.0 system with independent rear-wheel steering** enhances stability and maneuverability, while **Traction Control F1 with SSC (Side Slip Control) integration** ensures optimal grip and cornering precision.

Comfort Equipment: The cabin features **four-zone air conditioning, full electric seats, and an advanced air quality sensor system** for superior climate control. The **digital rearview mirror (added extra)** enhances visibility, while the **keyless engine start system** adds convenience. **Coloured safety belts (added extra)** provide a custom touch, and the **extra range Alcantara interior** ensures a premium feel.

Interior: The **red full suede interior** is complemented by **full Alcantara seats (added extra)** and **Alcantara Rosso upholstery (added extra)**. The **carbon fiber instrument cluster (added extra)** and **16-inch full digital display instrument cluster** offer a high-tech driving experience. The **1-color leather stripe on the upper arch of the steering wheel (added extra)** and the **trunk kit** further personalize the cabin.

Exterior: The Purosangue features a **black metallic exterior**, highlighted by **wheel arches in glossy carbon (added extra)** and **22-23-inch forged Orbit Grey alloy wheels (added extra)**. Other premium touches include **glossy carbon fiber front spoiler and rear diffuser (added extras)**, **carbon fiber roof**, and **carbon fiber wheel cups (added extra)**. The **panoramic roof (added extra)** enhances the open feel of the cabin, while **automatic rear doors** and **soft-close functionality** improve ease of access. **Rosso Corsa brake calipers (added extra)** and **aluminum brake calipers (added extra)** complete the high-performance aesthetic.

Performance: This Purosangue is equipped with **the CCM4 carbon-ceramic brake system, Ferrari Active Suspension System, and E-Diff 3 with SSC integration** for dynamic handling and braking. **Battery Maintainer (added extra)** helps preserve battery life.

Technology and Multimedia: The infotainment system includes **a 10.2-inch passenger display (added extra), a high-end audio system, and Ferrari's**

latest HMI interface with USB connectivity and Bluetooth audio streaming. It also features **smartphone interface support and a wireless smartphone charger** for seamless connectivity.

Driver Assistance Systems: The Purosangue includes **adaptive cruise control with automatic emergency braking, lane departure warning, lane-keeping assist, and blind spot detection.** **Front and rear parking sensors, a rear parking camera, surround-view system, and a tire pressure and temperature monitoring system (TPTMS)** enhance convenience and safety. **The Manettino dial with five driving modes—Wet, Comfort, Sport, Race, and ESC OFF—allows for customized driving dynamics.**

Lighting: The **Full Matrix-LED headlights with adaptive front lighting** ensure optimal visibility in all conditions.
