

Honda Vezel , 2020

Honda Vezel Hybrid Z Honda Sensing - 11/2020

General Overview

The **Honda Vezel Hybrid Z (2020)** is a refined, fuel-efficient compact SUV that blends practicality, comfort, and advanced safety technology. As a FULL EXTRA top-trim model, it delivers a premium driving experience with a stylish exterior, a high-quality interior, and Honda's trusted hybrid system. With its excellent overall condition and rich equipment list, this Vezel is an ideal choice for drivers seeking reliability, economy, and modern features in one complete package.

Performance and Efficiency

Powered by **Honda's efficient hybrid system** producing **152 horsepower**, the Vezel offers smooth acceleration, quiet operation, and exceptional fuel economy. Its smart Start/Stop system and optimized hybrid drive ensure low running costs while maintaining responsive performance. Perfect for both city driving and long journeys, this SUV combines agility with outstanding efficiency.

Interior and Comfort

Inside, the Vezel Hybrid Z offers a comfortable, premium atmosphere with leather upholstery and a thoughtfully designed cabin. Climate control ensures ideal temperature in all seasons, while the spacious seating layout adds to overall driving comfort. High-quality materials, ergonomic design, and excellent visibility contribute to a pleasant and refined driving experience.

Technology and Safety

Equipped with the **Honda Sensing suite**, this model includes adaptive cruise control, lane keep assist, and collision warning — providing enhanced safety and driver confidence. LED headlights, an electric package, and convenient features built into the FULL EXTRA trim round out its advanced technology profile, making every drive safe, easy, and enjoyable.
