

Honda S660 , 2021

Honda S660 Alpha - 09/2021

General Overview:

A compact and sporty Japanese kei-class roadster in **black**, Alpha trim, equipped with a 6-speed manual transmission. Produced in September 2021, this two-seater with a mid-engine layout is built for driving enthusiasts who value agility, cornering stability, and a fun open-top experience while maintaining great fuel efficiency for city use.

Performance:

Powered by a **0.7-liter turbocharged 3-cylinder petrol engine** (S07A) producing **64 horsepower** — the maximum allowed for kei cars. Rear-wheel drive with a mid-engine (MR) configuration provides excellent weight distribution and handling. The **6-speed manual transmission (6MT)** delivers maximum driver engagement and control.

Interior & Features:

Equipped with a **smart key**, LED headlights, rear-view camera, air conditioning, leather steering wheel, premium trim materials, and an ergonomically designed cabin for comfort and control.

Safety:

Features include ABS, stability control, airbags, and LED lighting for improved visibility.
