

Honda Insight , 2021

Honda Insight 1.5 EX Hybrid - 03/2021

General Overview:

An elegant and economical hybrid sedan that combines style, modern features, and outstanding fuel efficiency. Produced in March 2021, this Honda Insight EX is designed for comfortable everyday driving with a touch of premium quality.

Performance & Hybrid Efficiency:

Powered by a **1.5-liter i-VTEC petrol engine** paired with an electric motor **and Honda's hybrid system**, the Insight delivers a total output of **151 horsepower**, ensuring confident acceleration with low fuel consumption. The e-CVT transmission provides smooth driving, while the hybrid technology optimizes the cooperation between the engine and electric motor.

Interior & Features:

Equipped with keyless entry, push-button start, automatic climate control, heated seats, an HDD navigation system, TV, DVD player, Bluetooth, and a music server. The cabin is spacious, quiet, and well-finished with high-quality materials and thoughtful ergonomics.

Safety & Driver Assistance:

Honda Sensing includes a collision mitigation braking system, lane keeping assist, adaptive cruise control, LED headlights, parking sensors, and a rear-view camera. Additional features include stability control, parking assist sensors, and a smart key system.
