

Hyundai Kona , 2023

Hyundai Kona Lounge (Electric) - 11/2023

General Overview:

The 2023 Hyundai Kona Lounge, finished in a bold **Wine Red** color, presents a stylish and forward-looking compact electric SUV perfectly suited for modern urban life. As part of the premium Lounge trim, it offers a wealth of smart features, advanced driver-assistance technologies, and refined design elements that enhance both everyday convenience and on-road confidence.

Performance and Efficiency:

This all-electric version of the Kona is equipped with a powerful **electric motor producing 204 horsepower**, delivering instant torque for smooth and swift acceleration. The power is managed through a single-speed automatic transmission and front-wheel-drive system, ensuring a quiet and efficient driving experience. Regenerative braking helps optimize energy use, while real-world energy consumption typically ranges around **16-17 kWh/100 km**, making it ideal for both urban commuting and extended journeys.

Interior and Features:

Inside, the Kona Lounge offers a tech-centric and spacious environment. Premium materials, dual-zone automatic climate control, and a clean dashboard layout contribute to a comfortable, upscale cabin feel. The large touchscreen infotainment system supports **Apple CarPlay and Android Auto**, and includes integrated navigation, voice command, and **wireless smartphone charging**. This trim also comes with **front and rear drive recorders (dashcams)**, providing added peace of mind and road documentation.

Safety and Assistance Systems:

The Kona is outfitted with Hyundai SmartSense technologies, including **forward collision-avoidance assist, lane keeping assist, blind-spot monitoring**, and **rear cross-traffic alert**. A **360-degree all-around camera system** offers a full view around the vehicle, simplifying parking and tight maneuvers. Complemented by ABS with EBD, electronic stability control, and multiple airbags, the Kona delivers excellent safety credentials.

Exterior Design:

With its deep Wine Red paintwork, the Kona Electric features a bold and futuristic aesthetic. Its closed-off grille, integrated LED lighting elements, and sculpted lines

enhance aerodynamic efficiency and visual appeal. Stylish alloy wheels and clean detailing complete the modern, youthful character of this electric crossover, making it an eye-catching option in the EV segment.

Specifications:
