

Lamborghini Urus , 2023

Lamborghini Urus 2023

Safety and Driver Assistance Systems: Equipped with **Electronic Stability Control (ESC)**, **Electronic Traction Control**, **Anti-Slip Regulation (ASR)**, and **Electronic Brake Distribution (EBD)** for superior handling and stability. The **Highway Assistant Package** and **Urban Road Assistant Package** enhance safety in various driving conditions. The **Parking Assistant Package with Remote Park Assist** ensures effortless parking, while the **Vehicle Tracking System (VTS)** provides additional security.

Comfort and Interior: The luxurious cabin features **Sofisticato Leather Bicolour with Performante Trim (Nero Ade-Terra Asia)**, complemented by **Coloured Lower and Upper Leather Packages**. The **Big Interior Carbon Package on the Front Console (Ad Personam - Matt)** and **Black Anodized Aluminium Inserts** add a sporty touch. Comfort is enhanced with **Full Electric Front Seats with Ventilation and Massage**, **Front and Rear Heated Seats**, and a **Multi-Function Heated Steering Wheel in Smooth Leather**. Additional features include the **Premium Air Quality System with Air Ionizer and Aromatization**, **Soft Close Doors**, and a **Tailgate Handleless Opener** for added convenience.

Exterior: Finished in **White**, this Urus stands out with **23-inch Ad Personam Taigete Diamond Finished Rims**, **Red Brake Calipers**, and **Bonnet Air Vents in Body Colour**. The **Akrapovic Racing Exhaust** enhances both aesthetics and performance. **Privacy Glass with Acoustic and Double Glazing** ensures cabin silence, while the **Electric Panorama Roof** adds to the open-air driving experience. The **Rear Lamborghini Logo in High Gloss Black (Ad Personam)** and **Wiper Blades with Integrated Nozzles** provide additional sophistication.

Performance: Features **Lamborghini ANIMA with Off-Road Modes**, enabling adaptability to various terrains. **Carbon Ceramic Brakes with Silver Painted Brake Calipers** ensure powerful stopping performance.

Technology and Multimedia: The **Bang & Olufsen Advanced 3D Audio System** delivers an immersive sound experience. The **Lamborghini Smartphone Interface with Apple CarPlay and Android Auto**, **Navigation System**, and **DAB & Pay TV** provide entertainment and connectivity. The **Lamborghini Eye** system enhances driver awareness, while the **Head-Up Display (HUD)** projects essential driving information onto the windshield.
