

Lamborghini Urus , 2024

Lamborghini Urus 2024

Safety and Driver Assistance Systems: The vehicle is equipped with the **Parking Assistant Package with Remote Park Assist**, ensuring effortless maneuvering in tight spaces. Additionally, the **Vehicle Tracking System (VTS)** provides enhanced security and theft protection.

Comfort and Interior: The cabin features **Nero Ade unicolour leather upholstery**, complemented by the luxurious **Q-Citura Alcantara interior** for a premium feel. The **Small Interior Carbon Package** adds a sporty touch. A **multi-function heated steering wheel in smooth leather**, along with the **embroidered Lamborghini logo on the headrests**, enhances the exclusivity of the interior. Additional details include **floor mats with leather piping and double stitching**, as well as **optional contrast stitching on both the interior and steering wheel** for a refined look.

Exterior: Finished in a striking **green exterior color**, this Urus boasts an aggressive and dynamic presence. It features **23-inch Taigete alloy wheels in glossy black**, **black chrome exhaust tailpipes (Ad Personam)**, and a **high-gloss black rear spoiler**. The **carbon-fiber bonnet air vents**, **red brake calipers**, and **Style Package in Shiny Black** further enhance its sporty aesthetic.

Performance: **Acoustic and heat-insulated glass** ensures optimal cabin silence, even at high speeds, for an unparalleled driving experience.

Technology and Multimedia: The vehicle is fitted with a **Bang & Olufsen Advanced 3D Audio System**, delivering crystal-clear sound and an immersive audio experience.
