

Lamborghini Huracan , 2023

Lamborghini Huracán 2023

Safety Equipment: The vehicle is equipped with **ABS (Anti-lock Braking System)** to enhance braking efficiency, along with **driver and passenger airbags** for increased safety. **An anti-theft alarm, immobilizer, and remote central locking (including luggage compartment access)** ensure protection against unauthorized access. **Autolock functionality** provides added security while driving.

Comfort Equipment: The **multifunction steering wheel in smooth leather with a Rosso Alala central mark** enhances grip and control, adding a sporty aesthetic to the cabin. **Electric front windows** provide convenience, while **floor mats** offer additional comfort.

Interior: The interior is designed with a **driver-focused layout, premium materials, and a minimalist, performance-driven aesthetic**. The **steering wheel integrates key controls**, allowing the driver to access various functions without taking their hands off the wheel.

Exterior: The **white exterior color** gives the Huracán a sleek and aggressive look. The car rides on **19-inch Cerere Casted Silver alloy wheels**, fitted with **Bridgestone Dueler tires (235/40 R19 front, 285/40 R19 rear)** for optimal traction. **Electrically adjustable, heated, and folding side mirrors with a single-arm door panel attachment** improve aerodynamics and convenience. Additional exterior features include **matte black roof rails, matte black side mirrors, silver carbon-ceramic brake calipers, and matte grey tailpipes** for a striking appearance.

Performance: The **electromechanical power steering system** ensures precision handling, adapting steering response based on driving conditions.

Technology and Multimedia: The vehicle is equipped with **Bluetooth preparation for hands-free communication and a DAB digital radio tuner**, ensuring seamless connectivity and entertainment.

Driver Assistance Systems: The **cruise control system** enhances long-distance driving comfort, while **front and rear parking sensors** assist with maneuvering in tight spaces. **The TPMS (Tire Pressure Monitoring System)** continuously monitors tire pressure for improved safety and performance.
