Overview

The **Land Rover Defender D300 S 09/2023** is an iconic luxury off-road SUV that blends legendary durability with modern technology and comfort. %READMORE% Finished in Fuji White and powered by a robust 3.0-liter diesel turbo engine, this certified pre-owned Defender delivers exceptional capability, refined performance, and premium practicality for both urban and off-road adventures.

Driving Performance

Equipped with a powerful D300 diesel turbo engine and advanced 4WD system, the Defender ensures outstanding traction and stability across all terrains. The smooth 8-speed automatic transmission enhances efficiency and responsiveness, while its advanced suspension and Hill Descent Control provide confidence in challenging driving conditions.

Interior and Comfort

The spacious and functional cabin is designed for comfort and durability. Heated seats, a digital TFT instrument cluster, and intuitive controls create a driver-focused environment. Premium materials and thoughtful ergonomics ensure comfort during long journeys, whether on highways or rugged trails.

Technology and Safety

The Defender features a comprehensive suite of advanced technologies, including Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking, and a 3D Surround View Camera. Additional safety systems such as Blind Spot Monitoring, parking sensors, and Electronic Stability Control enhance driver confidence and safety.

Exterior

With its unmistakable silhouette and bold proportions, the Defender remains a symbol of adventure and strength. The Fuji White exterior is complemented by genuine 19-inch black alloy wheels, fixed side steps, LED headlights, and roof rails, emphasizing its rugged yet sophisticated character.
