

Lexus GX , 2024

Lexus GX 550 Overtrail Plus 4WD - 2024

Safety and Assistance Systems:

This SUV features full-time four-wheel drive (4WD) and an extensive range of advanced safety technologies. It includes multiple airbags (front, side, and curtain), adaptive cruise control, lane-keeping assist, and a parking assist system with a 360-degree camera for confident maneuvering in all conditions. A rear differential lock enhances off-road stability, while stability control and ABS contribute to overall vehicle safety.

Comfort and Multimedia:

Equipped with a top-tier multimedia system, the GX 550 offers a connected navigation platform and a premium Mark Levinson sound system for a high-quality audio experience. It also features a cool box, head-up display (HUD), and moonroof. Comfort is enhanced through intelligent features like keyless entry, push-button start, and dual-zone climate control, making long journeys more enjoyable.

Interior and Seats:

The cabin is luxuriously appointed with genuine leather seats that are both heated and ventilated, offering optimal comfort in any climate. The seats come with power adjustment functions and memory settings. Thoughtful design elements and a spacious layout ensure a first-class atmosphere for all passengers.

Exterior:

Finished in a refined Moon Desert & Black dual-tone color scheme, the GX 550 has a commanding presence. It rides on 18-inch factory alloy wheels and features modern LED headlights that add to its upscale and rugged character. The bold lines and Lexus signature spindle grille complete the look with unmistakable elegance and strength.
