

Lexus NX , 2023

Lexus NX 450h+ Version L Plug-in Hybrid - 2023

General Overview

The **Lexus NX 450h+ Version L** represents the premium evolution of Lexus's advanced plug-in hybrid lineup. Combining elegant styling with cutting-edge electrified performance, this **2023 model** offers refined comfort, impressive efficiency, and quiet power delivery. Its **300 horsepower** hybrid system provides a dynamic yet eco-friendly driving experience, perfectly suited for both city cruising and long journeys.

Performance and Efficiency

Equipped with a **2.5-liter petrol engine** and a high-output electric motor, the NX 450h+ delivers smooth acceleration and precise control through its **E-Four all-wheel-drive system**. The plug-in hybrid setup allows for an **electric-only range of up to 96 km**, ensuring zero-emission urban driving when needed. Fuel consumption remains outstanding at **around 5 L / 100 km**, while the **annual road tax is just €13**, highlighting its efficiency and eco-friendly credentials.

Interior and Comfort

The **Version L** trim level adds an elevated sense of luxury — **premium leather upholstery, ventilated seats, advanced multimedia with smartphone connectivity**, and meticulous craftsmanship throughout the cabin. With its quiet hybrid operation and spacious layout, the interior offers both tranquility and sophistication for every journey.
