Mazda2 15C 4WD - 07/2022

Exterior:

This Mazda2 15C is finished in a subtle metallic silver, offering a sleek and urban-friendly design with refined proportions and a confident stance. Its compact hatchback body features Mazda's signature Kodo styling, with a sculpted hood, sharp LED headlamps, and a bold five-point grille. The rear is cleanly styled with integrated taillights and a roof spoiler that hints at its sporty character. It rides on 15-inch factory alloy wheels and includes body-colored mirrors with turn indicators, a rear wiper, and UV-cut glass for added practicality.

Performance:

Under the hood is a **1.5-liter inline-4 petrol engine**, paired with a **6-speed automatic transmission** and **Mazda's electronic 4WD system**, designed to provide added traction in rain and snow without sacrificing fuel efficiency. The engine delivers approximately **110 horsepower**, offering smooth, reliable acceleration and balanced fuel economy for both city and rural driving. The 4WD setup ensures improved control and confidence on slippery or uneven surfaces.

Interior and Comfort:

Inside, the Mazda2 features a clean, functional layout with high-quality materials and excellent fit and finish. The **black fabric seats** provide comfort and durability, while the spacious cabin accommodates **five passengers**. The rear seat folds in a 60/40 split, enhancing cargo flexibility. Driver comfort is supported by a tilt-and-telescopic steering wheel, air conditioning, and keyless entry with push-start ignition. Cabin insulation is impressive for the class, ensuring a quiet, relaxed driving experience.

Technology and Safety:

Standard features include a central infotainment display with Bluetooth connectivity and steering-wheel-mounted controls for audio and hands-free calling. Safety is supported by **ABS, traction control, hill-start assist, multiple airbags**, and **emergency stop signal**. ISOFIX anchors are provided in the rear for child seat installation. Rear parking sensors aid in tight urban maneuvers, and LED DRLs enhance visibility. **We can install Apple CarPlay and Android Auto.**

Specifications:
