

Mazda CX-3 , 2021

Mazda CX-3 1.8 XD Diesel Turbo - 05/2021

General Overview:

The 2021 Mazda CX-3 1.8 XD Diesel Turbo, finished in Mazda's signature **Soul Red Crystal Metallic**, is a compact crossover that blends sporty styling, premium comfort, and fuel-efficient diesel performance. Its elegant proportions, sharp design lines, and bold grille give the CX-3 a commanding presence despite its city-friendly size.

Performance and Efficiency:

Powered by a **1.8-liter turbocharged diesel engine**, the CX-3 XD delivers **116 horsepower** and a strong torque output, making it ideal for both urban commuting and highway cruising. Mated to either a 6-speed automatic or manual transmission (depending on trim), the drivetrain prioritizes smooth acceleration, excellent low-end torque, and impressive fuel economy, often averaging around 4.5–5.0 L/100 km.

Interior and Features:

Inside, the CX-3 features a driver-focused cockpit with quality materials and a refined layout. The interior is both sporty and practical, offering supportive seating and a high-mounted infotainment screen operated via Mazda's Commander Control. Key features often include a leather-wrapped steering wheel, digital climate control, navigation, a head-up display, and a 7-inch Mazda Connect infotainment system with Bluetooth and smartphone integration.

Safety and Driver Assistance:

Mazda's i-Activsense safety suite may be included, offering advanced features such as blind spot monitoring, lane departure warning, rear cross-traffic alert, automatic emergency braking, and adaptive cruise control. These systems help ensure peace of mind on every drive.

Exterior Design:

The **Soul Red Crystal Metallic** paint finish highlights the sculpted curves and athletic stance of the CX-3. LED headlights, 16- or 18-inch alloy wheels (depending on trim), and a roof-mounted spoiler give it a dynamic, upscale appearance. Despite its compact footprint, the CX-3 offers elevated ground clearance and crossover practicality for active lifestyles.
