## Mazda CX-80 3.3 XD Hybrid Exclusive Sports Diesel Turbo 4WD - 12/2024

### Exterior:

The **Mazda CX-80 3.3 XD Hybrid Exclusive Sports** stands out with its sophisticated design and dynamic proportions. It features the signature Kodo styling with a wide chrome-framed grille, adaptive LED headlights, and sculpted body lines. In the Exclusive Sports trim, satin-finish window surrounds, body-colored cladding, and 20-inch alloy wheels give the SUV a confident and athletic appearance, while dual exhaust outlets emphasize its performance edge.

### Performance and Efficiency:

This model is powered by a 3.3-liter inline-six turbocharged diesel engine producing **254 horsepower (187 kW)** and **550 Nm** of torque. It incorporates a 48V mild-hybrid system (MHEV) that enhances low-speed responsiveness, supports start/stop functionality, and contributes to smoother acceleration. Power is delivered through an 8-speed automatic transmission and a full-time 4WD system. The SUV accelerates from 0 to 100 km/h in approximately **8.4 seconds**, with average fuel consumption around **5.7-5.8 L/100 km**, offering excellent efficiency for a large, diesel-powered SUV.

### Interior and Features:

Inside, the CX-80 Hybrid Exclusive Sports provides a refined and practical cabin with a **6-seat layout**, often featuring second-row captain's chairs for superior comfort. Premium leather upholstery, ambient interior lighting, and high-quality materials create a luxurious atmosphere. The dashboard houses a fully digital 12.3-inch instrument panel and a matching 12.3-inch central infotainment screen with the latest Mazda Connect interface. Features include wireless Apple CarPlay and Android Auto, integrated navigation, a panoramic sunroof, tri-zone climate control, heated front seats, and a premium Bose sound system.

### Technology and Safety:

The vehicle is equipped with Mazda's full i-Activsense safety suite, including adaptive cruise control, lane keeping assist, blind spot monitoring, traffic sign recognition, emergency autonomous braking, and a 360-degree camera system with automatic parking assist. The mild-hybrid system supports regenerative braking and improves overall driving refinement, particularly in urban environments.
