## Mercedes-Benz GLS 400 d 4MATIC AMG Line - 01/2021

### General Overview:

The **2021 Mercedes-Benz GLS 400 d 4MATIC AMG Line** is a luxurious full-size SUV that offers powerful diesel performance, refined comfort, and signature Mercedes-Benz elegance. Finished in **Diamond White**, this flagship SUV combines off-road confidence with on-road prestige, and is further enhanced by the **AMG Line styling** for a sportier, more dynamic appearance.

### Performance and Handling:

Under the hood, the GLS 400 d is powered by a **3.0-liter inline-six turbocharged diesel engine** producing a strong **330 horsepower** and **700 Nm of torque**. The engine is mated to a smooth **9G-TRONIC 9-speed automatic transmission** and **4MATIC all-wheel-drive system**, providing confident acceleration, excellent traction, and stability in all conditions. Despite its size, the GLS handles with surprising agility, thanks to adaptive air suspension and advanced chassis control.

### Interior and Features:

The interior is finished in **premium black leather**, combining spacious luxury with intuitive technology. Features include **multi-zone automatic climate control**, **power-adjustable heated and ventilated seats**, and a **panoramic sunroof** that floods the cabin with natural light. A **Burmester surround sound system** delivers exceptional audio quality, while dual 12.3-inch screens provide digital instrumentation and infotainment with the latest **MBUX interface**, including voice control, navigation, and smartphone integration.

### Exterior Design:

The **Diamond White** paint is paired with the **AMG Line package**, which includes aggressive bumpers, side skirts, and **21-inch AMG alloy wheels** for a commanding road presence. LED headlights, chrome accents, and bold proportions further enhance its luxury appeal. The design emphasizes both strength and sophistication, ideal for both city streets and long-distance cruising.

### Safety and Assistance Systems:

As expected from Mercedes-Benz, the GLS 400 d includes a comprehensive suite of safety systems: **active lane keeping assist**, **blind spot monitoring**, **adaptive cruise control**, **360-degree camera**, **crosswind assist**, and **automatic emergency braking**. These features help ensure peace of mind whether you're

navigating tight city streets or enjoying the open road.
