Mercedes-Maybach S-Class S680 4MATIC - Maybach by Virgil Abloh Limited Edition - 03/2023

General Overview:

The 2023 Mercedes-Maybach S680 "by Virgil Abloh" is a stunning ultra-luxury sedan, limited in production and created in collaboration with the late visionary designer Virgil Abloh. Finished in a striking two-tone **Colorado Beige and Obsidian Black**, this special edition blends high fashion, art, and state-of-the-art automotive craftsmanship. It's a bold tribute to creativity and exclusivity, redefining what luxury can be in both design and substance.

Performance and Handling:

Under the hood lies a **6.0-liter twin-turbocharged V12 engine** delivering **621 horsepower** and **1,000 Nm of torque**, making it one of the most powerful Maybachs ever. Paired with a 9G-TRONIC automatic transmission and Mercedes' 4MATIC all-wheel-drive system, the S680 accelerates with refined smoothness and authority. Active suspension with **E-ACTIVE BODY CONTROL** ensures a floating, serene ride, even over rough surfaces, while maintaining poise in dynamic driving.

Interior and Features:

Inside, the S680 by Virgil Abloh offers a one-of-a-kind cabin experience. The bespoke interior features **Colorado Beige and Obsidian Black color themes**, exclusive badging, and handcrafted materials. Rear passengers enjoy executive lounge seats with full recline and massage functions. A 12.8-inch OLED infotainment display and 12.3-inch digital instrument cluster are integrated into the **MBUX system**, offering both tactile and voice control. Rear entertainment screens, a refrigerator, champagne flute holders, and Burmester 4D surround sound elevate luxury to an art form.

Design and Exclusive Elements:

This limited-edition model stands out with custom exterior detailing: signature **two-tone paint**, exclusive **"Maybach by Virgil Abloh" badging**, 20-inch forged wheels, and darkened chrome accents. The exterior is both opulent and subtle, a balance only Maybach can achieve. Inside, you'll find "Virgil Abloh" script in the door sills, embossed logos on the center console, and a high-end bespoke leather treatment.

Safety and Assistance Systems:

Equipped with the full **Mercedes-Benz Intelligent Drive package**, the S680 includes adaptive cruise control with route-based speed adaptation, Active Lane

Change Assist, Pre-Safe Impulse Side, 360-degree cameras, night vision assist, and more. It offers **Level 2 semi-autonomous driving capability**, ensuring supreme safety and driving comfort in all situations.
