Mercedes GLC-class , 2021

Mercedes-Benz GLC 220 d 4MATIC Diesel Turbo – 02/2021

General Overview
The Mercedes-Benz GLC 220 d 4MATIC is a refined luxury SUV that balances modern design, advanced technology, and efficient diesel performance. Finished in **Obsidian Black**, it delivers a strong, elegant presence on the road, perfectly combining versatility with Mercedes-Benz prestige.

Performance and Driving Dynamics
Powered by a **2.0-liter turbo diesel engine producing 194 horsepower**, this GLC ensures a smooth and efficient drive. The **4MATIC all-wheel-drive system** offers confidence and stability across all terrains, while the automatic transmission delivers seamless gear shifts. Designed for both city commuting and long-distance travel, it offers the ideal mix of performance and economy.

Interior and Comfort
The interior emphasizes premium comfort with **heated power-adjustable seats**, **dual-zone climate control**, and **smart key access** for everyday convenience. High-quality finishes and ergonomic design enhance the cabin's luxurious feel, while generous space ensures passenger comfort on every journey.

Technology and Safety
Equipped with advanced **driver-assist features**, the GLC 220 d includes **adaptive cruise control, lane-keep assist, collision mitigation braking, parking assist, and blind spot monitoring**. Multiple airbags and Mercedes-Benz's intelligent safety systems provide peace of mind. Technology highlights include **factory navigation, a multifunction display with TV integration, and Bluetooth connectivity**.

Exterior Design
The sleek AMG-inspired styling is complemented by **adaptive LED headlights, roof rails, and factory aluminum alloy wheels**. The muscular SUV stance combines elegance with practicality, making the GLC 220 d stand out both in the city and on the open road.
