

Mercedes G-class , 2025

Mercedes-AMG G-Class G63 - 01/2025

Exterior:

The **2025 Mercedes-AMG G63** maintains its iconic boxy silhouette while incorporating bold AMG design elements. The front features the signature Panamericana grille, flanked by round LED headlights and muscular bumpers. Large wheel arches house 22-inch AMG alloy wheels, while side-exit exhaust pipes and matte chrome accents emphasize its aggressive character. The upright stance, exposed hinges, and flat glass give the G63 its unmistakable presence both on and off the road.

Performance and Efficiency:

Powering the G63 is a **4.0-liter V8 biturbo petrol engine**, delivering **585 horsepower (430 kW)** and **850 Nm of torque**. The engine is mated to a 9-speed AMG Speedshift TCT automatic transmission and **AMG Performance 4MATIC all-wheel drive** with a rear-biased torque split (40:60). Acceleration from 0 to 100 km/h takes just **4.5 seconds**, an impressive figure for a full-size off-roader. AMG RIDE CONTROL adaptive damping and three locking differentials ensure exceptional handling and off-road capability. Average fuel consumption is around **13.1-13.5 L/100 km**.

Interior and Features:

The G63's interior offers a blend of rugged durability and high-end luxury. It features AMG-specific Nappa leather upholstery, carbon fiber or wood trim, and a flat-bottom AMG steering wheel. The dual-screen setup includes a 12.3-inch digital instrument cluster and a 12.3-inch MBUX infotainment screen with touchpad control. Features include wireless Apple CarPlay and Android Auto, ambient lighting, Burmester surround sound system, heated and ventilated seats (front and rear), and a panoramic sunroof. The cabin accommodates five passengers in luxurious comfort.

Technology and Safety:

Standard safety and driver-assistance systems include **adaptive cruise control, lane keeping assist, blind spot monitoring, automatic emergency braking, 360-degree cameras**, and **active parking assist**. The G63 also features off-road specific displays, hill descent control, and customizable driving modes for varied terrain. It combines raw power, modern luxury, and iconic design into one of the most capable and desirable performance SUVs on the market.
