Mercedes-Benz GLC 350 e 4MATIC Sports Edition Star AMG Exclusive - 03/2024

General Overview:

The 2024 **Mercedes-Benz GLC 350 e 4MATIC Sports Edition Star** represents the perfect fusion of intelligent hybrid technology, dynamic performance, and luxury design. Finished in vibrant **Patagonia Red**, this model features the **AMG Exclusive Package**, offering an elevated sense of style and sophistication both inside and out. With a one-owner history and low mileage, this GLC is in pristine condition, combining efficiency with bold presence.

Performance and Efficiency:

At the heart of the GLC 350 e is a hybrid powertrain that combines a **2.0-liter turbocharged petrol engine** with an electric motor, delivering a total of **320 horsepower** and 700 Nm of torque. This powerful system provides brisk acceleration and refined responsiveness across driving modes. Paired with a smooth **9-speed automatic transmission** and **4MATIC all-wheel drive**, the GLC offers confident handling and traction on all surfaces, while also allowing for limited electric-only driving in urban settings.

Interior and Features:

The cabin is appointed with high-grade materials under the **AMG Exclusive Package**, including premium leather upholstery, AMG-styled trim, and customizable ambient lighting. A fully digital instrument cluster complements the central **MBUX touchscreen infotainment system**, supporting navigation, Apple CarPlay, Android Auto, and voice control via "Hey Mercedes." Additional features include **heated and power-adjustable front seats**, dual-zone automatic climate control, and a multifunction AMG steering wheel.

Exterior Design:

In **Patagonia Red metallic**, the GLC 350 e commands attention with its AMG styling cues—distinctive front bumper, chrome accents, and either 19- or 20-inch AMG alloy wheels. LED High Performance headlights and LED taillights enhance visibility and aesthetics, while subtle hybrid badging emphasizes its efficiency. The design balances muscular SUV proportions with coupe-like refinement.

Safety and Driver Assistance:

This model comes equipped with a comprehensive suite of driver assistance systems,

including **adaptive cruise control**, **blind spot assist**, **active lane keeping**, **traffic sign recognition**, and a **360-degree parking camera system**. These features ensure both comfort and confidence behind the wheel, whether in tight urban environments or on extended journeys.
