

Mitsubishi Outlander , 2022

Mitsubishi Outlander PHEV 2.4G 4WD - 12/2022

General Overview:

The 2022 Mitsubishi Outlander PHEV 2.4G, finished in a vibrant **Red Diamond** color, is a cutting-edge plug-in hybrid SUV offering full-time four-wheel drive (4WD) and seating for seven passengers. Combining eco-efficiency, spacious practicality, and premium features, it is an excellent choice for both urban commuting and family adventures.

Performance and Efficiency:

Under the hood, the Outlander PHEV features a reliable **2.4-liter petrol engine** paired with twin electric motors, delivering smooth acceleration and outstanding efficiency. The advanced Super All-Wheel Control (S-AWC) system ensures confident handling across a variety of terrains. As a plug-in hybrid, it offers short-range pure electric driving for maximum fuel savings and reduced emissions.

Interior and Features:

Inside, the Outlander provides comfortable seating for up to seven occupants with flexible cargo space configurations. Key features include a 9-inch genuine Mitsubishi navigation system with integrated digital TV, Apple CarPlay and Android Auto support, a 360-degree around-view monitor, automatic climate control, and heated seats. The model also includes an ETC electronic toll collection card reader for added convenience on highways in Japan.

Safety and Assistance Systems:

The Outlander PHEV is equipped with a suite of advanced driver assistance systems, including forward collision mitigation, adaptive cruise control, lane keeping assist, and blind-spot monitoring. The 360-degree camera system aids in parking and maneuvering in tight spaces, ensuring maximum safety and ease of use.

Exterior Design:

The striking **Red Diamond** exterior color enhances the vehicle's modern and dynamic lines. LED headlights and stylish alloy wheels complete the bold and sophisticated look, blending practicality with elegant styling.
