Mitsubishi Outlander , 2024

Mitsubishi Outlander PHEV 2.4G 4WD – 03/2024

General Overview

The **Mitsubishi Outlander PHEV 2.4G** in **Graphite Gray Metallic** is a stylish and advanced plug-in hybrid SUV that blends everyday practicality with refined performance and efficiency. The 2024 model offers a comfortable five-passenger layout and high-quality design, making it a perfect choice for families and professionals who value comfort, technology, and reliability.

Performance and Driving Dynamics

Equipped with a **2.4-liter plug-in hybrid engine** and **twin electric motors**, the Outlander PHEV delivers impressive torque, smooth acceleration, and quiet operation. Its **automatic transmission (AT)** and **4WD system** ensure excellent traction and stability on all road surfaces. The intelligent hybrid system automatically manages power distribution between the petrol engine and electric motors for optimal efficiency and driving comfort.

Interior and Comfort

The interior offers seating for **five passengers** and features an intuitive and refined cabin layout. The model comes with a **factory-installed 9-inch navigation system** and **full-segment TV**, ensuring seamless connectivity and entertainment. The **360-degree camera system** provides superior visibility for safe maneuvering, while the overall interior design emphasizes space, comfort, and convenience for all occupants.

Technology and Safety

The **Outlander PHEV 4WD** is equipped with a range of modern safety and driver-assistance features including **ABS, airbags, stability control, and traction support systems**, delivering confidence and peace of mind on every journey. Its plug-in hybrid technology ensures eco-friendly operation without compromising performance, making it a dependable and intelligent SUV for modern driving needs.
