

# Mitsuoka Viewt , 2021

## Mitsuoka Viewt 12LX - 05/2021

### General Overview

The **Mitsuoka Viewt 12LX** is a compact **retro-style** hatchback based on the **Nissan March (K13)** platform, styled to capture the elegance of classic British cars. This example, painted in **Mint Green** (a genuine Fiat 500 color), combines nostalgic design with modern Japanese reliability. Produced in **05/2021**, it carries a more refined and upscale character.

### Performance and Efficiency

Unlike the 12ST version, the **12LX** is equipped with a more powerful **1.2-liter gasoline engine** delivering **90 horsepower** and paired with a **4-speed automatic transmission (FAT)**. This setup provides smoother response and slightly higher output, making it more spirited than the 12ST. The **front-wheel drive (2WD)** system ensures practicality, while efficiency remains strong for everyday use.

### Interior and Features

The cabin, finished in **beige leather upholstery**, seats **five passengers** and blends comfort with retro-inspired details. Equipment includes a **navigation system**, **rear-view camera**, and an integrated **drive recorder (dashcam)**. Chrome exterior accents and refined trim add to the vehicle's elegant retro character.

### Technology and Safety

The **12LX** is equipped with modern driver assistance technologies such as **emergency braking**, **lane departure warning**, and **push-button start**. The multimedia system with **navigation and TV tuner** enhances both safety and comfort during daily journeys.
