

Mitsuoka Buddy , 2024

Mitsuoka Buddy 2.0 20ST - 10/2024

General Overview

The Mitsuoka Buddy is a retro-styled SUV that fuses the proven engineering of the **Toyota RAV4** with bold, American-inspired design cues from the 1980s. This particular example, produced in **10/2024**, is finished in an eye-catching **Red**, giving it a strong and distinctive road presence.

Performance and Driving Experience

Under the hood, the Buddy 20ST is powered by a **2.0-liter gasoline engine** producing **171 horsepower** and **207 Nm of torque**, paired with an **automatic transmission (AT with manual shift mode)**. The **front-wheel drive (2WD)** layout delivers smooth and efficient performance for city and highway driving alike. Advanced systems including **adaptive cruise control, stability control, and collision prevention assist** make it safe, refined, and enjoyable behind the wheel.

Interior and Features

The cabin seats **five passengers** in comfort and style, with **premium upholstery, heated and power-adjustable seats with memory function**, and a **multifunction steering wheel**. A **9-inch multimedia navigation system with Bluetooth, rear-view camera, and drive recorder (dashcam)** add convenience and modern usability. The combination of practicality and upscale touches ensures a premium atmosphere for daily use and long trips alike.

Technology and Safety

Equipped with an impressive suite of safety and driver assistance systems, the Buddy features **ABS, multiple airbags, lane departure warning, emergency brake assist, traction control, automatic high beam, and parking assist**. Exterior highlights include **LED headlights, fog lights, roof rails, and 18-inch alloy wheels**, enhancing both safety and style. Together, these technologies make the Buddy a perfect blend of retro design and modern capability.
