

Nissan Aura , 2022

Nissan Aura G - 01/2022

Exterior

This **Nissan Aura** is finished in **Red**, highlighting its elegant and modern hatchback styling. The compact 5-door body combines practicality with premium design, featuring sharp lines and a dynamic stance.

Performance and Driving Dynamics

Equipped with a **1.2-liter hybrid petrol engine with Nissan's e-Power system**, this model pairs with an **automatic transmission (AT)** and **front-wheel drive (FWD)**. The hybrid system produces around **136 hp**, ensuring smooth acceleration, high efficiency, and refined driving comfort both in the city and on longer journeys.

Interior and Comfort

The cabin offers a refined atmosphere with **seating for 5 passengers** and premium ergonomics. Features include **automatic climate control**, a **smart key with push start**, and high-quality finishes for a more premium feel.

Technology and Safety

This Aura G is equipped with advanced driver-assistance systems such as **adaptive cruise control, collision mitigation braking, lane departure prevention, blind-spot monitoring**, and **around-view 360° cameras**. The infotainment system supports **navigation, Bluetooth, and smartphone connectivity**, providing convenience and safety on every trip.
