

Nissan Aura , 2023

Nissan Aura G - 06/2023

Exterior

This Nissan Aura is finished in **Pure White Pearl**, giving it a refined and premium look. The compact hatchback body combines sleek lines with aerodynamic proportions, making it both stylish and practical for urban and long-distance driving.

Performance and Driving Dynamics

Powered by a **1.2-liter e-Power hybrid petrol engine**, paired with an automatic transmission (AT) and **front-wheel drive (FWD)**, the Aura G delivers smooth and efficient performance. The hybrid system produces **around 136 hp**, ensuring responsive acceleration and excellent fuel economy. Its refined suspension setup enhances ride comfort while maintaining agility in city traffic.

Interior and Comfort

Inside, the cabin features a modern design with high-quality materials. The Aura G is equipped with **automatic climate control**, a **smart key with push start**, and comfortable seating for five passengers. The spacious layout and thoughtful ergonomics provide both practicality and premium feel.

Technology and Safety

The Aura G comes with advanced safety and technology features including **adaptive cruise control, collision mitigation system, lane assist, blind-spot monitoring**, and a **360° around-view camera**. The infotainment system supports **navigation, Bluetooth, and smartphone connectivity**, ensuring convenience and safety on every journey.
