

Nissan Serena , 2022

Nissan Serena X S-HYBRID - 02/2022

General Overview:

The 2022 Nissan Serena X S-HYBRID is a modern and spacious minivan, ideal for family travel and everyday use. In its X trim, the Serena combines reliability, comfort, and fuel efficiency, while its hybrid technology ensures economical performance even in urban conditions. The sleek **black exterior** gives the model a bold and stylish presence.

Performance and Efficiency:

Under the hood, the Serena is powered by a **2.0-liter petrol engine** paired with the **S-HYBRID system**, which enhances fuel efficiency and provides smoother acceleration. The CVT automatic transmission and front-wheel-drive layout ensure a smooth and stable ride whether you're navigating city streets or highway cruising.

Interior and Features:

The cabin comfortably accommodates **up to 8 passengers**, with ample space for all rows. Sliding side doors—one of which is **electrically operated on the left**—make entry and exit convenient. The interior is both practical and user-friendly, featuring air conditioning, Bluetooth multimedia, power windows, and a multifunction steering wheel. The rear seats can be easily folded to expand cargo space when needed.

Safety and Technology:

The Serena X is equipped with modern safety features such as **ABS, airbags, electronic stability control (ESC)**, and **hill-start assist**. Additional available features like a rearview camera and parking sensors improve visibility and maneuverability, especially in tight urban environments.

Exterior Design:

The **black exterior** finish gives the Serena a refined and confident appearance. The tall roofline, large windows, and functional shape highlight its practical nature, while subtle styling accents on the grille and mirrors complete the well-balanced design. The Serena X S-HYBRID stands as a strong contender in the family minivan segment.
