

Nissan Serena , 2024

Nissan Serena Highway Star V - 02/2024

Exterior:

The **2024 Nissan Serena Highway Star V** is a stylish and practical minivan, designed for families who value comfort and space. The Highway Star trim adds a sportier touch with a bold chrome grille, sleeker LED headlights with signature DRLs, and a sculpted front bumper. Blacked-out pillars create a floating roof effect, while 16- or 17-inch alloy wheels and subtle side skirts enhance its dynamic look.

Performance and Efficiency:

The Serena Highway Star V is equipped with a **2.0-liter 4-cylinder petrol engine** paired with Nissan's **Xtronic CVT** and available with either front-wheel drive (FWD) or optional all-wheel drive (AWD). It delivers around **150 horsepower (110 kW)** and smooth, quiet performance optimized for urban and highway driving. In Japan, it's also offered with Nissan's e-POWER hybrid system in other trims, but the Highway Star V typically comes as a conventional petrol model. Combined fuel consumption is approximately **7.9-8.5 L/100 km** depending on configuration.

Interior and Features:

The cabin is spacious and flexible, accommodating **8 passengers**. Interior materials are durable yet soft to the touch. Equipment includes a large touchscreen infotainment system with Apple CarPlay and Android Auto, digital instrument cluster, dual-zone climate control, power sliding doors, and rear privacy glass.

Technology and Safety:

The Serena Highway Star V comes with **Nissan ProPILOT**, an advanced driver assistance system that provides adaptive cruise control and lane keeping support. Additional safety features include automatic emergency braking with pedestrian detection, blind-spot monitoring, rear cross-traffic alert, and a 360-degree camera with moving object detection. Parking sensors and intelligent driver alertness monitoring further contribute to peace of mind.
