

Porsche 718 Boxster , 2025

Porsche Boxster 2024

Safety Equipment: The vehicle is equipped with **Lane Change Assist**, which enhances driving safety by monitoring blind spots and alerting the driver when changing lanes. The **roll-over bars, painted in high-gloss black**, provide additional protection in case of an accident.

Comfort Equipment: The **two-zone automatic climate control system** ensures personalized temperature settings for both driver and passenger. The **Porsche crest on the headrests** adds an elegant and premium touch to the interior. The **Light Design Package** enhances interior illumination, creating a refined and stylish atmosphere.

Interior: The cabin is finished with **premium materials and thoughtful design elements**, including **door release levers painted in high-gloss black**. The **Sport Chrono Package with a mode switch** allows the driver to select different driving modes, optimizing performance for various driving conditions.

Exterior: The **red exterior color** gives the car a bold and sporty appearance. The **SportDesign Package painted in high-gloss black, rear side air intake grilles, and rear wing also painted in high-gloss black** contribute to its dynamic styling. The **20-inch Carrera Sport wheels, painted in high-gloss black**, further enhance the vehicle's aggressive stance. **Tinted bi-xenon headlights and tinted taillights** give the car a sleek and distinctive look. The **sports tailpipes in black** emphasize the Boxster's performance-oriented character.

Performance: The **Sport Chrono Package with a mode switch** enhances the vehicle's dynamics by providing adjustable driving modes. **Power Steering Plus** adjusts steering effort based on speed, making maneuvering easier at low speeds while maintaining precise handling at higher speeds.

Technology and Multimedia: The **BOSE Surround Sound System** ensures a premium audio experience, delivering high-quality sound throughout the cabin.

Driver Assistance Systems: The vehicle is equipped with **ParkAssist, including a reversing camera**, providing improved visibility and assistance when parking in tight spaces.
