

Subaru BRZ , 2024

Subaru BRZ 2.4 R AT - 07/2024

Exterior

This Subaru BRZ is finished in a vibrant **Red**, emphasizing the dynamic and bold character of the sports coupe. The compact **2-door body** with its low stance and aerodynamic lines gives the car a distinctive and expressive appearance. Sharp headlights and stylish exterior accents create a modern and energetic look.

Performance and Driving Dynamics

Under the hood, the BRZ is powered by a **2.4-liter flat-4 Boxer engine**, paired with an **automatic transmission** and **rear-wheel drive**. Producing around **232 hp** and **250 Nm of torque**, it delivers confident performance and an engaging driving feel. With its **low center of gravity** and well-balanced chassis, the BRZ provides precise handling and stability even at higher speeds.

Interior and Comfort

The cabin is designed with a sporty theme and equipped with modern features. Highlights include **heated seats**, a **smart key with Push Start**, a **multifunction steering wheel**, and ergonomic driver-focused controls. Additional equipment such as **automatic climate control** ensures comfort during daily driving.

Technology and Safety

The 2024 Subaru BRZ is fitted with advanced safety and driver-assist systems, including **ACC (adaptive cruise control)**, **PCB (pre-collision braking system)**, **LDW (lane departure warning)**, **SRVD (blind-spot monitoring)**, and **RAB (rear automatic braking)**. It also comes with **TRC**, **VSC**, and a full suite of **airbags**, making it one of the most modern and safe compact sports coupes available.
