

Tesla Model 3 , 2021

Tesla Model 3 Long Range AWD - 08/2021

Exterior

This **Tesla Model 3 Long Range** comes in a **White finish**, presenting a clean and premium look that highlights its futuristic sedan design. The aerodynamic shape, frameless doors, and glass roof create a modern and elegant silhouette.

Performance and Driving Dynamics

Equipped with **dual electric motors** and **all-wheel drive (AWD)**, this Model 3 Long Range produces about **441 horsepower**, ensuring impressive acceleration (0-100 km/h in approximately **4.4 seconds**) and excellent handling in all conditions. The long-range battery provides a generous driving distance on a single charge, making it ideal for both daily use and extended trips.

Interior and Comfort

Inside, the cabin features a **minimalist design with premium materials**, offering space for 5 passengers. The interior includes **power-adjustable seats, smart key access, and a large central touchscreen** that controls most vehicle functions. The glass roof enhances the sense of space and light, creating a refined and comfortable atmosphere.

Technology and Safety

The Model 3 Long Range AWD comes with **Tesla's advanced Autopilot system**, providing adaptive cruise control, lane keeping assist, and collision avoidance features. Safety is further supported by **ABS, multiple airbags, obstacle sensors, and a rear-view camera**. Infotainment includes navigation, Bluetooth, smartphone integration, and premium audio for a connected and enjoyable driving experience.
