Toyota Corolla Sedan Hybrid G-X - 04/2022

General Overview

The Toyota Corolla Hybrid Sedan G-X combines modern hybrid technology with the practicality and reliability that the Corolla name is known for. This example, produced in **April 2022**, comes in a classic **White (color code 040)** finish, giving it a refined and timeless look.

Performance and Hybrid Efficiency

Under the hood, the Corolla is powered by a **1.8-liter hybrid engine (1800cc)** paired with an **eCVT automatic transmission**. Together, the system delivers around **122 horsepower**, ensuring smooth acceleration and outstanding fuel economy. The **front-wheel drive (2WD)** configuration provides stable handling and efficiency, making it an ideal choice for both city commutes and long-distance driving.

Interior and Features

The cabin is designed for **five passengers**, blending comfort and modern functionality. It comes equipped with **automatic air conditioning**, a **smart key with push-button start**, **Bluetooth connectivity**, **power mirrors**, and an **electronic parking brake**. A **rear-view camera** and **multifunction steering wheel** add to everyday convenience, while thoughtful ergonomics make the interior both practical and comfortable.

Technology and Safety

The Corolla Hybrid G-X features advanced driver assistance systems including **Pre-Crash Safety (PCS)**, **Lane Tracing Assist (LTA)**, **radar cruise control**, and **auto high beam**. Bright **LED headlights** improve visibility, while modern safety features like **ABS** and **stability control** ensure confidence on the road.
