Toyota Crown Crossover 2.5 G Advanced Leather Package E-Four 4WD - 02/2024

General Overview:

The 2024 Toyota Crown Crossover 2.5 G Advanced Leather Package E-Four in elegant Pearl color is a hybrid crossover that combines style, comfort, and high performance. This vehicle, with its powerful features and modern technologies, is designed for those who value luxury and want an excellent blend of high-class design and efficiency.

Performance and Hybrid Efficiency:

Under the hood is a **2.5-liter four-cylinder gasoline engine**, paired with Toyota's hybrid system and two electric motors. The total system output reaches **249 horsepower**, which is transmitted through the **E-Four (electric all-wheel drive)** system, providing excellent traction and stability. The electronic CVT ensures smooth acceleration and efficiency. Despite its power, the Crown Crossover delivers impressive fuel economy — **4.5 liters per 100 kilometers** in mixed WLTC conditions.

Interior and Features:

The cabin features premium materials such as **semi-aniline leather**, with seats equipped for both heating and ventilation. The **12.3-inch touchscreen infotainment system** supports CD/DVD playback, Bluetooth, and navigation. The digital instrument cluster and adjustable seats create a premium atmosphere, while **ambient lighting** and a **digital rearview mirror** add a modern touch.

Safety and Driver Assistance:

The model is equipped with **Toyota Safety Sense**, which includes **adaptive cruise control**, **lane tracing assist**, **pre-collision system with pedestrian detection**, **blind spot monitoring (BSM)**, and **rear cross-traffic alert**. The **360-degree panoramic view monitor** and **automatic high beam control** enhance safety during parking and low-speed maneuvers.

Exterior Design:

The Crown Crossover features a bold front fascia with a distinctive grille design. The Pearl finish and chrome details give the vehicle a premium look, while **alloy wheels** and the **high ground clearance** provide both visual strength and practicality for urban and off-road conditions.
