Toyota Hilux 2.4 Z Diesel Turbo 4WD - 02/2023

General Overview:

The 2023 Toyota Hilux 2.4 Z Diesel Turbo 4WD is a rugged and reliable pickup truck that combines a strong ladder-frame construction with modern technology and impressive off-road capability. With its bold design, high ground clearance, and durable character, it's perfectly suited for both demanding work environments and adventurous journeys. The exterior features a distinctive grille, LED lighting, and sharp styling elements that reinforce its commanding presence on the road.

Performance and Efficiency:

The Hilux is powered by a **2.4-liter** four-cylinder turbocharged diesel engine delivering **150 horsepower** and 400 Nm of torque. It's paired with a 6-speed automatic transmission and a 4WD system, providing strong traction and stable control across a variety of terrains. The average fuel consumption is around 7.4 liters per 100 kilometers, making it a fuel-efficient choice in its segment while still offering plenty of pulling power.

Interior and Features:

The cabin of the Hilux is designed for both comfort and practicality. It comes equipped with a modern infotainment system featuring a touchscreen display with Apple CarPlay and Android Auto support. Additional amenities include a rearview camera, automatic climate control, and a multifunction steering wheel. Depending on the trim level, the seats may come in either fabric or leather, with excellent support and visibility ideal for extended drives or off-road navigation.

Safety and Driver Assistance:

The Hilux is fitted with a range of active safety features, including anti-lock braking system (ABS), electronic brakeforce distribution (EBD), vehicle stability control (VSC), hill-start assist (HAC), and front airbags for both driver and passenger. These systems ensure high levels of safety and driver confidence under various road and weather conditions.
