

Toyota Land Cruiser Prado , 2023

Toyota Land Cruiser Prado TX 2.8 Diesel 4WD - 01/2023

General Overview

The **Toyota Land Cruiser Prado TX** is a reliable and premium SUV that combines robust off-road performance with everyday comfort. This 2023 model, finished in **Pearl White**, delivers a stylish and commanding road presence while remaining practical for both city use and long-distance travel.

Performance and Driving Dynamics

Powered by a **2.8-liter turbo diesel engine with 204 horsepower**, paired with an automatic transmission, the Prado ensures smooth acceleration and strong torque delivery. The **4WD system** provides outstanding grip and stability, making it suitable for rugged terrains and all-weather driving conditions. Its suspension is finely tuned to balance durability with passenger comfort.

Interior and Comfort

Inside, the Prado offers spacious seating for **5 passengers** with high-quality materials and refined design. Notable features include a **sunroof, genuine Toyota navigation system, TV & rearview camera, and smart key system**. The cabin layout emphasizes functionality while ensuring comfort during extended journeys.

Technology and Safety

The Prado comes with modern driver-assist and safety systems, including **clearance sonar, multiple airbags, ABS, lane support features, and adaptive technologies**. The presence of advanced multimedia and convenience features enhances both entertainment and driving confidence.

Exterior Design

The exterior design is enhanced by **factory aero parts, roof rails, and color side steps**, highlighting its strong and sporty character. Its bold silhouette, paired with stylish detailing, emphasizes the balance between luxury and off-road readiness.
