

Toyota Corolla Cross , 2025

Toyota Corolla Cross 1.8 Hybrid Z 2025

Safety and Driver Assistance Systems: Equipped with Anti-lock Braking System (ABS), airbags, power steering (PS), and power windows (PW), ensuring a safe and comfortable driving experience. Includes standard Toyota safety features suitable for urban and highway driving.

Comfort and Interior: Features automatic air conditioning (AAC), multifunction steering wheel, and a refined cabin layout. The presence of a sunroof (SR) adds an open and airy feel to the interior. Includes user's manual and maintenance notebook.

Exterior: Finished in a distinctive exterior color with alloy wheels (AW), combining style and practicality. LED lighting elements improve road visibility and contribute to a modern look.

Performance: Powered by a 1.8-liter gasoline hybrid engine, offering a combined system output of approximately 140 hp. Paired with a Front Automatic Transmission (FAT) and front-wheel drive (2WD), it delivers a smooth and efficient driving experience.

Technology and Multimedia: Equipped with a built-in navigation system and TV functionality, enhancing the driving and entertainment experience. Ideal for both everyday commutes and long trips.
